

Religious Education

At Willow Grove School we follow the Wigan Scheme of work for Religious Education. This plays a part in the development of our children's spiritual, moral, social and cultural development. We believe that it is vital that all our children develop a good understanding of a variety of different religious beliefs, traditions and cultures, which will help to equip them with the knowledge and skills needed to engage with religious issues and worldwide views in Modern Britain.

Intent

To have high expectations in RE across the whole school so that children are ready for an ever changing community, society and world, with many different religions and cultures.

To provide a broad and balanced curriculum which is progressive in knowledge and vocabulary.

To develop our children's tolerance and to respect others views.

To support and encourage our children to reflect on their own beliefs and appreciate the awe and wonder of the World.

To offer our children new and exciting opportunities and experiences.

To promote our school values and British Values.

To prepare our children for the next steps in their learning.

Areas for skills development

Breadth of Study

Learning about religions

Beliefs & Teachings

Practices & lifestyles

Expression and language

Learning from religions

Identity and experience

Meaning and purpose

Views and commitments
